Forest, dated 24th July 1908.

No. R. 538-42—Ft. 68-07-4, dated Bangalore, 24th July 1908.

Order thereon.—It is observed that the late Deputy Commissioner of the District, Mr. Sparkes, was opposed to the reservation and would not come to any agreement with the Conservator of Forests as he thought that it would greatly diminish the privileges of the people inhabiting the neighbourhood. The present Deputy Commissioner Mr. Kantaraj Urs has passed decisions in respect of certain claims of the villagers and is therefore apparently not quite opposed to the reservation. The Revenue Commissioner considers that the block should not be reserved without obtaining the views of the Survey and Settlement Commissioner. The Conservator of Forests, however, represents that the block has been under the management of the Forest Department since 1881, that it yields an annual revenue of Rs. 2,350 and that there is no necessity to refer the matter to the Survey and Settlement Commissioner at this stage. He also states that it has been demarcated and surveyed, that the boundary line does not run close to cultivated lands and that people have become thoroughly reconciled to restrictions imposed by forest conservancy. The Government consider that the reasons for and against the reservation are equally balanced. But as the adjoining blocks I and II have already been settled and notified and the exclusion of the block would merely interfere with the continuity of the forest without in any way increasing the privileges of the people to any material extent, they are inclined to adopt the view of the Conservator of Forests. The settlement effected by the Forest Settlement Officer is therefore sanctioned and the draft notification submitted by that officer will be published in the local Gazette as hereunder, the 1st of September 1908 being entered as the date from which the block shall be declared a State Forest.

2. The Deputy Commissioner of the Mysore District is requested to promulgate the boundaries of the forest in the localities in which it is situated.

3. The assignment of the lands noted below as gomal in place of those taken up for the forest is also sanctioned:—

Proceedings of the Government of His Highness the Maharaja of Mysore.

Appeal No. 2 of 1907-08.

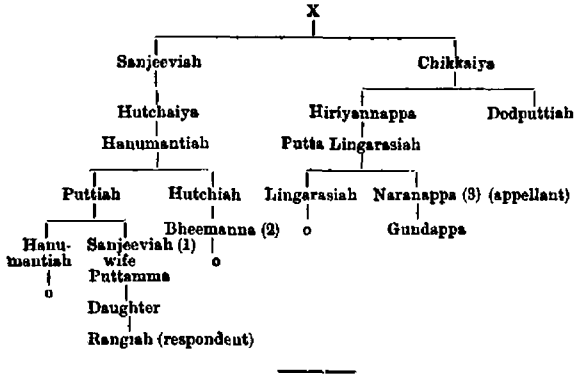
Appellant	*Vs.*	Respondent
Naranappa		Rangiah

Subject.

Appeal against the order of the Revenue Commissioner in Mysore, rejecting the appeal of Naranappa against the order of the Deputy Commissioner, Tumkur District, directing the registry of the shanbhogi office of Kodihalli and two other villages in the Tumkur Taluk being made out in the name of the respondent.

Facts of the Case.

The parties are related to each other as per margin.



1. Kodihalli.
2. Sangenahalli.
3. Kanchanahalli.
4. Samboonahalli.
5. Naganaikanpalya.
6. Basappanapalya.

The records show that out of the six villages noted below, the shanbhogi office of the first three villages last stood registered in the name of Sanjeeviah (1) and on his death in the name of his cousin Bheemanna (2), while that of the other three villages last stood registered in the name of the appellant's elder brother Lingarasiah and subsequently in the name of the appellant Naranappa. It is stated, however, that Lingarasiah was looking after the duties of all the six villages from 1871, for the last three in his own right and for the first three as gumasta of Bheemanna who it is stated never performed the duties of his first three villages himself, being illiterate. On the death of Lingarasiah in 1885 without any issue, the appellant was appointed registered shanbhog of the last three villages and was permitted to look after the duties of the first three villages as gumasta of Bheemanna with the latter's consent. When, in 1904, Bheemanna died unmarried, the appellant applied for the registry of the shanbhogi baraward of the first three villages also being made out in his name, on the grounds that he performed the funeral obsequies of the deceased, that he was the nearest heir of Bheemanna and that he was also performing the duties of the said villages on behalf of the deceased. When an enquiry was held as to whether any other heirs of Bheemanna were forthcoming, Puttamma, widow of Sanjeeviah, first applied for the registry of the shanbhogi office of the first three villages being made out in her name and subsequently prayed for the said registry being made out in the name of her daughter's son Rangiah the respondent. The Deputy Commissioner thereupon directed the registry thereof in the name of the respondent. On appeal, the Revenue Commissioner held that as the appellant had already a shanbhogi firka of his own, the Deputy Commissioner had exercised a wise discretion in registering the shanbhogi baraward of the three villages in question in the name of the respondent. The present appeal to Government is against the above order of the Revenue Commissioner.

2. The records show that all the six villages referred to above were formed into a single shanbhogi firka at the Pakka Potgi Settlement with a potgi of Rs. 30 and it was urged at the time of hearing that all the six villages together continue to remain as one charge but that its potgi was raised to Rs. 54 and odd at the Revised Potgi Settlement.

Revenue Miscellaneous, dated 4th July 1908.

Decision.

The order appealed against practically amounts to the splitting up of a duly constituted firka and the appointment of two separate registered shanbhogs for a single charge. This is opposed to the Potgi Rules and the standing orders of Government according to which there can be but one officiator for the entire charge consisting of all the six villages including the three now in dispute. The appellant Naranappa is a direct descendant of the hakdar family in the male line and is besides a nearer heir to the deceased Bheemanna than the respondent. The appellant's claim is thus superior to that of the respondent. On the demise of the last registered holder, the three villages in question should revert to the next heir, the appellant, who enjoys the shanbhogi of the other three villages. The order appealed against cannot therefore be supported and it is accordingly directed that appellant Naranappa be registered as the shanbhog of the entire firka consisting of all the six villages referred to above, three of which already stand registered in his name.

Appeal is allowed.

Petition No. R. 1208, dated the 26th August 1907, from Dyavegowda, praying for the reconsideration of the order of Government, dated the 1st August 1907, rejecting his appeal against the order of the Revenue Commissioner, directing that Survey No. 1 in the bed of the Nelkundi tank should not be given out for cultivation and that the lease granted to the petitioner temporarily should be cancelled.

2. Correspondence on the subject ending with letter No. 6054, dated 7th December 1907, from the Revenue Commissioner in Mysore and also the records of the case.

The facts of the case are as follow :—

1. The land in question along with some other lands originally formed the Nelkundi Amrut Mahal Kaval which was retransferred to the Revenue Department about the year 1887. The jodidar of Nelkundi village applied for the whole extent of the kaval lands being given out to him on hulbanni tenure, urging that a part thereof lay within the water-spread of his jodi tank. After some correspondence in the matter, the then Deputy Commissioner (Mr. T. Ananda Rao, now 1st Councillor) in his order dated the 14th July 1889, rejected the jodidar's prayer on the ground that the lands were valuable Government lands and had been applied for by several persons for cultivation and directed that such of them as could be granted for cultivation without prejudice to the jodi tank should be so disposed of, and that the remaining portion should be given out only for hulbanni purposes. At the Survey, which was subsequently made, the kaval lands were formed into eight Survey numbers of which Survey Nos. 2 to 8 were duly assessed for disposal in the usual course, while Survey No. 1, (extent 26 acres and 18 guntas) was classed as kharab as forming the bed of the Nelkundi tank.

2. When in the year 1896-97, owing to the improvement effected to Dasankere tank, the petitioner Dyavegowda's lands in Chakenahalli village of the Nagamangala Taluk (extent 9 acres and 36 guntas assessed at Rs. 43) were submerged, a compensation of Rs. 374-4-9 was settled in his favor but he preferred to take up, in lieu of money compensation, the kharab land, Survey No. 1 above referred to, and agreed to give it up, without claiming any relief, in case the jodi tank was restored and the land in question was submerged thereby. The then Sub-Division Officer of French Rocks (Mr. N. Venkat Rao) thereupon in July 1903 directed the grant of the land in question to the petitioner subject to the conditions agreed to by him. Accordingly a muchalika to the above effect was taken from the petitioner in September 1903 and the land, Survey No. 1 (provisionally assessed at Rs. 4-8-0 per acre) was put in his possession.

3. In 1905, the jodidar of Nelkundi village applied to the Assistant Commissioner for the restoration of the land as tank bed, alleging that the jodi tank had been restored. The Assistant Commissioner, however, declined to deprive Dyavegowda of his possession of the land on the ground that no substantial repairs had been executed to the tank, and that as the land was not submerged, there was no necessity for Government to forego the kandayam thereon. On appeal the Deputy Commissioner affirmed the said order, but on a second appeal by the jodidar, the Revenue Commissioner in his order dated 19th October 1906, directed in reversal of the order of the Deputy Commissioner that the land in question should not have been given out for cultivation under Rule 16 of the Land Revenue Rules and that the temporary lease to Dyavegowda should be cancelled Dyavegowda thereupon appealed to Government in January 1907, but this appeal was rejected by Government by endorsement No. R. 779, dated 1st August 1907. Hence the present review petition by Dyavegowda, who prays that either he may be allowed to hold the land till the jodi tank is properly restored and the land in question is submerged thereby, or the compensation amount previously fixed be paid to him.

No. R. 363-71—R. M. 62-07-4, DATED BANGALORE, 16TH JULY 1908.

ORDER THEREON.—On a further consideration of all the circumstances of the case, the Government are of opinion that according to the terms of the muchalika as strictly construed, the petitioner cannot claim any compensation if circumstances arise which would justify his being deprived of the possession of the land. Government, however, observe that the land in question being part of the tank bed, and having been classed as kharab, should not have been in the first instance granted for cultivation at all. The grant for cultivation by the Sub-Division Officer in 1903, was opposed to the Deputy Commissioner's directions issued in his order dated the 14th July 1889, and the standing orders on the subject. Government must strongly deprecate any tendency on the part of District Officers to enter into understandings of

Revenue Miscellaneous, dated 16th July 1908.

the kind in question in this case which are not in accordance with the standing rules and orders of Government and which are liable to be reopened on the occurrence of certain contingencies. So far as the present case is concerned it is understood that the repairs executed to the tank by the jodidar have been only nominal and that the tank actually breached subsequent to the repairs, and the land in question has not been submerged. Thus there is some force in Dyavegowda's contention that he is entitled to retain possession of the land. But as the original grant of the land was itself a mistake and was unauthorized by the standing orders of Government, it is inexpedient to perpetuate the irregularity by allowing the land to be further cultivated. The Revenue Commissioner was therefore right in declining to allow the petitioner to continue in possession of the land. Government, however, direct that as a special case and entirely on equitable grounds the money compensation of Rs. 374-4-9 originally awarded for the petitioner's lands taken up for the Dasankere tank should be paid to him in lieu of the land now resumed.

Excise Commissioner's letter No. 9533, dated the 30th April 1908, explaining with reference to para 2 of Government Order No. Fl. 5483—S. R. 173-07-2, dated the 27th April 1908, the difficulties in calculating the amounts payable to Inamdars for the period of the farming system from 1892-93 to 1896-97.

2. D. O. dated the 20th May 1908, from the same officer, proposing that, for the five years *1892-93 to 1896-97, the average revenue of the succeeding five years, viz., 1897-98 to 1901-02,* may be adopted for settlement of the claims of Inamdars.

No. Fl. 282-91—S. R. 173-07, dated Bangalore, 17th July 1908.

ORDER THEREON.—It is seen from the Excise Commissioner's explanation that, owing to various circumstances, the toddy excise accounts of many of the Inam villages, for the period of the farming system, are not complete and that attempts at supplying the imperfections from Treasury and other Excise departmental returns and accounts are very laborious and involve endless delay. It is therefore necessary to lay down a workable rule for the settlement of the claims of such of the Inam villages for the period in question for which accounts are not available. The proposal of the Excise Commissioner to adopt the average of the five succeeding years for settling Inam claims for the period of the farming system does not commend itself to Government as, after the introduction of the tree-tax system, the toddy revenue increased very considerably and the average of the years 1897-98 to 1901-02, would give to the Inamdars a higher revenue than the actual revenue of the period 1892-93 to 1896-97. But a rule of averages based on the assumption that the increase in the toddy revenue of Inam villages during 1898-99 to 1902-03, was in the same proportion as the toddy revenue of the taluks concerned during the same period would, it appears to Government, be a satisfactory and equitable method of ascertaining the revenue of the Inam villages for the period of the farming system. They accordingly direct that in cases where, owing to imperfection in the accounts, the exact amount due cannot be calculated, the claim for the period from 1892-93 to 1896-97, be settled in accordance with the following rule :—

Total taluk revenue from toddy during 1898-99 to 1902-03.
Total taluk revenue from toddy during 1892-93 to 1896-97.
Total revenue of the Inam village from toddy during 1898-99 to 1902-03.
Total revenue of the Inam village from toddy during 1892-93 to 1896-97.

(Omitting 1897-98, when the preliminary tree-tax system prevailed).

2. In other cases where definite information can be obtained from accounts, the claims should be based on actual revenue realized during the period.

Letter No. 480—F. 91, dated the 1st May 1908, from the Inspector-General of Prisons in Mysore, forwarding a report on the administration of Jails and Lock-ups in the State during the calendar year 1907.

No. J. 8—Pris. 66-07-6, DATED BANGALORE, 1ST JULY 1908.

ORDER THEREON.—The number of Jails and Lock-ups in the State and the arrangement for the charges thereof remained the same as in the previous year. A new Lock-up building was constructed at Haribar.

2. It is satisfactory to note that during the year under report there was a decrease in the number of prisoners that passed through and remained in the jails. The number of prisoners of all classes admitted was 10,032 against 11,518 in the year 1906. Inclusive of the 1,289 prisoners that were under confinement at the beginning of the year, the total jail population was 11,321 against 12,827 in 1906. Of the 11,321 prisoners, 10,179 were discharged, leaving at the end of the year a jail population of 1,142 or 147 less than in the previous year. The total daily average number decreased from 1,341·41 to 1,200·02 or by 10·5 per cent.

3. The number of convicts that were admitted into the several jails and lock-ups by direct committals and transfer was 2,383 and 660, respectively, against 2,991 and 727 in the previous year. Including 1,051 direct committals and 6 convicts under transfer that remained at the beginning of the year, there was a total convict population of 4,100 against 4,808 in the previous year. The daily average number of convicts admitted fell consequently from 1,091·22 to 9,67·53. The number of previously convicted prisoners rose, however, from 281 or 9·39 per cent in 1906 to 314 or 13·17 per cent. The number of previously convicted juveniles also rose from 8 to 11, though the total number of juveniles admitted during the year decreased from 69 to 53. The Inspector-General attributes the increase in the number of previously convicted juveniles to the absence in the State of a proper reformatory system under which juvenile criminals can be detained in a reformatory for a period sufficiently long to bring about a moral improvement. The Inspector-General also suggests that flogging should be more largely resorted to in the case of juveniles in lieu of committal to prison. Government observe that the existing provisions of the law give ample discretion to Magistrates to deal with juvenile criminals by awarding sentences of whipping in lieu of imprisonment. They also hope that with the construction of a separate barrack in the Central Jail for the use of juvenile prisoners and by the enforcement of strict discipline among them coupled with some general instruction and industrial training there will be some appreciable improvement in the results. Government will also further consider the desirability of introducing a Reformatory Act.

4. It is satisfactory to note that there were no escapes of convicts during the year. Eleven under-trial prisoners escaped during the year, of whom 8 were re-captured.

5. Prison offences decreased from 262 in 1906 to 119 which may be taken as indicating better behaviour on the part of prisoners and the maintenance of better discipline among them.

6. The total expenditure incurred during the year on jails and lock-ups was Rs. 1,15,695-7-9 or Rs. 11,583-12-0 less than the amount incurred in the previous year; but the cost per head of average strength increased from Rs. 94-14-2 in 1906 to Rs. 96-6-7. The Inspector-General attributes this increase to their having been no reduction in temporary establishment charges notwithstanding reduction in the daily average of the jail population and to the practice of debiting the charges on account of the Police establishment detailed for Jail duty to the Jail Department. The Inspector-General's recommendations which have been submitted to Government in this and other particulars connected with the question of the reduction of the cost of maintenance of prisoners are under the consideration of Government.

Letter No. 480—F. 91, dated the 1st May 1908, from the Inspector-General of Prisons in Mysore, forwarding a report on the administration of Jails and Lock-ups in the State during the calendar year 1907.

No. J. 8—Pris. 66-07-6, DATED BANGALORE, 1ST JULY 1908.

ORDER THEREON.—The number of Jails and Lock-ups in the State and the arrangement for the charges thereof remained the same as in the previous year. A new Lock-up building was constructed at Harihar.

2. It is satisfactory to note that during the year under report there was a decrease in the number of prisoners that passed through and remained in the jails. The number of prisoners of all classes admitted was 10,032 against 11,518 in the year 1906. Inclusive of the 1,289 prisoners that were under confinement at the beginning of the year, the total jail population was 11,321 against 12,827 in 1906. Of the 11,321 prisoners, 10,179 were discharged, leaving at the end of the year a jail population of 1,142 or 147 less than in the previous year. The total daily average number decreased from 1,341·41 to 1,200·02 or by 10·5 per cent.

3. The number of convicts that were admitted into the several jails and lock-ups by direct committals and transfer was 2,383 and 660, respectively, against 2,991 and 727 in the previous year. Including 1,051 direct committals and 6 convicts under transfer that remained at the beginning of the year, there was a total convict population of 4,100 against 4,808 in the previous year. The daily average number of convicts admitted fell consequently from 1,091·22 to 9,67·53. The number of previously convicted prisoners rose, however, from 281 or 9·39 per cent in 1906 to 314 or 13·17 per cent. The number of previously convicted juveniles also rose from 8 to 11, though the total number of juveniles admitted during the year decreased from 69 to 53. The Inspector-General attributes the increase in the number of previously convicted juveniles to the absence in the State of a proper reformatory system under which juvenile criminals can be detained in a reformatory for a period sufficiently long to bring about a moral improvement. The Inspector-General also suggests that flogging should be more largely resorted to in the case of juveniles in lieu of committal to prison. Government observe that the existing provisions of the law give ample discretion to Magistrates to deal with juvenile criminals by awarding sentences of whipping in lieu of imprisonment. They also hope that with the construction of a separate barrack in the Central Jail for the use of juvenile prisoners and by the enforcement of strict discipline among them coupled with some general instruction and industrial training there will be some appreciable improvement in the results. Government will also further consider the desirability of introducing a Reformatory Act.

4. It is satisfactory to note that there were no escapes of convicts during the year. Eleven under-trial prisoners escaped during the year, of whom 8 were re-captured.

5. Prison offences decreased from 262 in 1906 to 119 which may be taken as indicating better behaviour on the part of prisoners and the maintenance of better discipline among them.

6. The total expenditure incurred during the year on jails and lock-ups was Rs. 1,15,695-7-9 or Rs. 11,583-12-0 less than the amount incurred in the previous year; but the cost per head of average strength increased from Rs. 94-14-2 in 1906 to Rs. 96-6-7. The Inspector-General attributes this increase to their having been no reduction in temporary establishment charges notwithstanding reduction in the daily average of the jail population and to the practice of debiting the charges on account of the Police establishment detailed for Jail duty to the Jail Department. The Inspector-General's recommendations which have been submitted to Government in this and other particulars connected with the question of the reduction of the cost of maintenance of prisoners are under the consideration of Government.

Judicial (Prisons), dated 1st July 1908.

They therefore refrain from making any observations at present in regard to the increase in the cost per head of average strength of prisoners during the year.

7. The cash earnings of prisoners which have been declining for the last three years fell further during the year under report from Rs. 16,365-5-6 in 1906 to Rs. 12,112-4-2 or by Rs. 4,253-1-4. The decrease is attributed to the employment of a smaller number of prisoners on works of a remunerative kind owing to the decrease in the average strength and consequently in the number of convicts employed on working days. The Inspector-General's proposal to levy a hire of two annas per head per diem from Departments utilizing convict labor so as to recompense the Jail Department for the labor of convicts or in the alternative to stop the extra mural employment of convicts with a view to their services being utilized in the improvement of Jail industries is under the consideration of Government and orders will be passed thereon separately in due course.

8. The daily average number of sick prisoners decreased from 15·86 in the year 1906 to 13·77; but the total number of deaths rose from 16 to 23. There was one death from cholera and no death from plague. The increase in the death rate is attributed to the men having been in a bad state of health when admitted into the Jails.

READ—

Letter dated the 18th September 1907, from Mr. K. Shamiengar, retired Khedda Superintendent, submitting the following memo suggesting certain measures for the prevention of cattle destruction in the State.

MEMORANDUM.

The Province is inundated with Labbe skin merchants, who are the indirect cause of the destruction of innocent cattle and the ruin of many well-to-do and poor raiyats.

The methods used by these men are as follow:—These Labbes advance money liberally to starving Madigars and Mahamadans whereby they are induced to steal and kill cattle for the sake of their hides.

Latterly the thefts of cattle have enormously increased. If alive they can be identified by the owners and the crime be detected. But they are at once killed to avoid identification.

Many unprincipled local men also lend their strong support, and, if at all any case is made out against the Madigars, get them released.

There is no safety for cattle if they are allowed to go out grazing in the village; sometimes these rogues break open cattle-sheds and carry away the cattle.

Travellers and cartmen are always in danger of losing their cattle. If a travelling cartman during his sleep loses his bullocks, he would be left in a miserable condition. He cannot follow the thieves, as he will have nobody to take care of his cart and the articles loaded in it. Thus full opportunity is given to rogues to kill the cattle and eat away the flesh, selling the hides to the Labbes.

If Government do not take early steps to prevent this wholesale destruction of cattle to the ruin of its subjects, the agricultural prospects will be damaged by the depletion of the indispensable cattle.

Out of thousands of such cases not even one per cent has been detected and the culprits punished. Some preventive measures are urgently needed and the following suggestions are submitted.

Registers should be opened by Labbe merchants as well as by the Patel. If any cattle die naturally, the Madigars should get the death registered and obtain passport from the Patel certifying that the hide is not suspicious and it may be purchased. The Labbe hide merchants should enter in their register the number and date of the passport and produce it whenever called for during the inspection of Government officials.

The Patels should be provided with a punch or stamp and should, on the production of the hide, punch or stamp it and issue the passport. Whenever Labbes receive a hide not so stamped or covered by such pass, they should at once hold an enquiry and hand over the man to the police. The Police Officers and Amildars should from time to time inspect and examine the godown or mandies of the leather merchants and bring them to book if any suspicious skins (not stamped or covered with pass or unentered in the register) are found.

The Labbe merchants have got mandies or godowns in several villages. They collect skins there and then despatch them by trains.

The Patels of the villages in which mandies are established should be required and empowered to invariably examine them once a week and compare the number of hides and passes with the register and certify that no suspicious articles were found. The Labbe merchant, who receives skins not stamped or covered with a pass, should hand over the man with the skin to the Police or Patel in whose village he lives.

This sort of check, if introduced, will in a measure prevent the wholesale cattle destruction and ruination of poor raiyats.

In towns large number of cattle are slaughtered every day and the skins sold to Labbe merchants. Some good arrangements should be made feasible in towns to ensure this kind of examination and issue of passports by some responsible municipal or other officials.

2. Subjects Nos. 231 and 294 of the Representative Assembly Proceedings of 1907, and the replies of Government thereto:—

SUBJECT No 231.

Prevention of thefts of cattle.

Mr. Harikere Ramappa, Shimoga Municipality.

Summary of discussion.—Many cattle are flayed alive and the skin sold to mandi merchants. The encouragement given to cattle-lifters by these merchants is so great that the raiyats are afraid that their cattle going out to graze may not return home for the night safely. If it is ruled that the seller of a skin should obtain a permit from the Patel of the village where the animal is killed, and get it countersigned by the Patel of the village in which the mandi is located, and if the merchant is required to produce these permits when required, there is a chance of the offenders being found out. It is also suggested that some tax may be imposed on this trade.

Reply of Government.—Noted for consideration.

Proceedings of the Government of His Highness the Maharaja of Mysore,

SUBJECT No. 294.

Leather merchants in Koppa Taluk.

Mr. Kigga Channakesava Rao, Koppa Taluk.

Summary of discussion—Several Labbe and Mapille traders have scattered themselves all over the taluk and deal in hides. As the price of leather has risen, these merchants, with a view to make most of the opportunity, instigate cattle-poisoning. This has been going on for the last two years, but the merchants are not brought to book for want of clear evidence. It is desirable that some sort of check should be imposed on them to prevent this state of affairs. It is requested that such men may be required to give security for their good conduct and behaviour before they obtain licenses

Reply of Government.—The question of making efficient arrangements to prevent cattle-poisoning will be considered.

3. Letter No. 3108—281, dated the 8th November 1907, from the Inspector General of Police in Mysore, forwarding a memo submitted by the Assistant Superintendent of Police, Kadur district, of which the following is a summary —

Towards Kigga, there are some Mahamadans who collect skins from Holeyars by paying advances and sell them at 4 to 6 pounds per rupee. Just at the time when cattle begin to die from natural causes during the rainy season, these Mussalmans are believed to kill them by foul means, such as poisoning, in order to collect a good number of skins. They mix arsenic in plantains, paddy husk or powdered *Honne* bark and throw them in places where cattle graze. It is not possible to trace where they get arsenic from. The surest way to put an end to this practice is to bury the cattle and this is being done by the people to some extent

4. Letter No. 10297—D. R. A. 3 dated the 18th March 1908, from the Revenue Commissioner in Mysore, expressing his opinion in the matter of cattle poisoning and prevention of theft of cattle :—

"With reference to your Letter No. J. 2225—Police 72-07-3, dated the 23rd January 1908, calling for my opinion on Dasara Representative Assembly Subjects Nos. 231 and 294 of 1907, *in re* prevention of theft and poisoning and killing of cattle, I have the honor to state that the local Madigars and others kill or poison cattle with a view either to get flesh for eating and to sell the skin or hides to the skin merchants. The village officials should by prompt action be able to detect the distribution of flesh or the sale of the hides. In the case of poisoning it is easy for the villagers to discourage or prevent the practice by not giving the carcasses to the Madigars *gratis* or for a consideration, but by having them buried or completely burnt. In any case ,I think it sufficient at present to leave the matter to the Deputy Commissioners concerned for taking such action as the circumstances of each locality may suggest. They may also be requested to report the result of any action taken by them at the end of a year with proposals, if any, that they may wish to bring for the orders of Government."

5 Docket No. 668, dated the 20th April 1908, from the Deputy Commissioner, Shimoga District, to the Revenue Commissioner, and its enclosure in regard to the prevention of cattle destruction in the State :—

His No. 5329 dated the 22nd November 1907, forwarding for report a memorandum from Mr. K. Shamiengar, retired Khedda Superintendent, Sulekere, regarding the prevention of cattle destruction in the State.

In reply, has the honor to submit herewith copy of Memorandum, dated 24th February 1908, from the Assistant Superintendent of Police and to state that the undersigned quite agrees with him in regard to the necessity of a register being kept by hide merchants showing the names of the persons from whom they purchase the hides.

Mr. K. Shamiengar's memorandum is returned herewith as desired.

Memo from the Assistant Superintendent of Police, Shimoga District, dated the 24th February 1908.

It was very often reported to the Channagiri Taluk Police that several heads of cattle strayed away and that they were not subsequently traced. This sort of complaint increased day by day but no recoveries could be made. The disappearance of these so as to leave no trace of recovery was a problem for the Police to solve.

The Channagiri Taluk Inspector naturally instituted inquiries in the line of the hide trade. It is a fact that Vellore and Vaniambody Labbes have almost monopolised the trade in hides, bones and horns of cattle. The Inspector at first collected statistics of the loss of cattle of the Basavapatna range, and has noticed the loss of 143 heads of cattle in the course of 6 to 10 months as may be seen from the enclosed statement.

The Inspector then questioned three of the Labbe traders, (1) Abdul Khudus of Chiradoni village (2) Zahirudin bin Pachamia of Channagiri and Abdul Wahab bin Abdul Khader. These state that they buy hides as they are brought to their shop by villagers and that they only

Judicial and Legislative (Police), dated 6th July 1908.

write out the receipt and expenditure, but do not mention the name of the party who brings them the hide. Their statements and the account books are herein enclosed for reference.

It is quite easy to infer that these Labbes have an object in omitting to mention the names of the persons from whom they buy skins, as it would lead towards discovery. The Labbe is purely actuated by the money-grabbing hobby and if cattle are healthy and do not die every now and then so as to yield horn, bone and hide to the Labbe, he finds various ways of killing cattle for the said articles of his trade always taking care to have it done by third persons. The Madigars who want always money for their drink will render themselves mere tools in the hands of these Labbes and for the promise of half a rupee to one rupee, kill cattle and give away the hides, horns and bones to the Labbes. In the villages there is generally no man appointed by the villagers to tend their cattle. Except in the crop season, they usually drive away the cattle to the pasture land and bring them in evening home, not waiting to tend them in the interim. Here is a fine opportunity for the Madigars set upon by Labbes to take one or two at a time and do away with them. It is also not uncommon that cattle are left loose during nights.

The want of proper maintenance of accounts with the Labbe mandidars, and the absence of any check on their doings, help these Labbes to commit the mischief with great impunity.

These Labbes have spread themselves all over the District and I may also say all over the Province and it is worth noting that those Labbes that deal in hides, horns and bones always open a shop in some centre village. They manage their exportation in a way as not to attract public attention. Hence the impunity with which they have been carrying on their nefarious trade. If no steps are taken to check the clandestine disposal and purchase of hides, there will be no end of loss of cattle.

It therefore becomes very necessary that there ought to be some rule by which the Labbes and the Madigars should be bound in this behalf. I would propose (1) that no Labbe should buy any hide or horns *without a permit* from the village Patel, (2) that all Labbes should take out a license to open a hide mandi, (3) that they should maintain a register showing the name etc., of the person bringing the hide or horns, the description of the article, the price paid, and the date and number of the Patel's permit and (4) that Police Officers of the grade of a Daffedar and upwards should be empowered to inspect all such mandies and that the Labbes should allow such inspection of the articles purchased and the accounts kept therefor.

By this means it is hoped that a great check will be exercised on the disposal of hides and skins and the patel will have an opportunity of inspecting the hide or skin before issuing a permit for its being taken to the shop. It will also act as a deterrent on the Madigars who steal cattle, kill them, eat their flesh and sell hides secretly. The entire records touching the matter are herein enclosed.

I beg that a reference may kindly be made to the Inspector-General of Police, so that he may move the Government to have a new Regulation passed in this behalf.

Government Proceedings No. 3116-32—Edn. 231-06-3, dated the 4th October 1907, directing the abolition of fees in the Upper Primary Classes II and III of Village Elementary Schools and stating that the question of abolishing fees in the Lower and Upper Primary Classes of Schools at Taluk Head-quarters and in the IV and V Classes of Village Elementary Schools and that of making English compulsory from Class III upwards of Anglo-Vernacular Schools are reserved for future consideration.

2. Correspondence ending with letter No. 9633—681, dated the 20th May 1908, from the Inspector-General of Education in Mysore, submitting proposals for abolishing fees in the higher Classes IV and V of Village Elementary Schools, in the II, I and Infant Classes of all Anglo-Vernacular Schools including those maintained from the Village School Fund, and III, II, I and Infant Classes of all Vernacular Taluk Schools; and for making the study of English compulsory from the Class III upwards in all Anglo-Vernacular Schools.

No. 1087-97—EDN. 340-07-6, DATED BANGALORE, 30TH JULY 1908.

ORDER THEREON.—The Government of His Highness the Maharaja of Mysore have already declared that their policy is to make Elementary Education free in all classes of Schools throughout the State, but, as the scheme had not been worked out fully during the last year, only partial effect was given to their policy by abolishing fees in the Primary Classes of Village Elementary Schools. They are now pleased to direct that the benefits of free instruction may be extended to the remaining classes of Schools in which Elementary instruction is imparted. These are the following:—

(1) Classes IV and V of Government Village Elementary Schools.

(2) Classes Infant I, II and III of all Government Taluk Vernacular Schools.

and (3) Classes Infant I and II of all Government Anglo-Vernacular Schools maintained from the State and Village School Funds.

2. The Inspector-General's proposal to make the study of English compulsory from Class III upwards in all Government Anglo-Vernacular Schools maintained from the State and Village School Funds is approved.

3. The financial effect of the foregoing changes is estimated as shown below:—

State Funds.	Amount Rs.
1. Loss of income from abolishing fees in Government Anglo-Vernacular Schools from Class II downwards	7,656
2. Loss of income from abolishing fees in Taluk Vernacular Schools from Class III downwards	6,288

Per annum ...	13,944
	Rs.
Receipts from fees for English instruction from Class III upwards of Anglo-Vernacular Schools	6,468
Net loss to State Funds ...	7,476
Village School Fund.	
Loss of income from abolishing fees in the IV and V Classes of Village Elementary Schools	2,964
Receipts from fees for English instruction from Class III upwards of Anglo-Vernacular Schools	696
Net loss ...	2,268 per annum.

4. The net estimated loss of income to the State Funds, *viz.*, Rs. 7,476 per annum has been taken into consideration in connection with the State Fund Budget for the current year and the necessary reduction has been made on the receipt side.

Local Fund and Sanitary (Education), dated 30th July 1908.

The net loss to the Village School Fund is estimated at Rs. 2,268 per annum. As the Village School Fund cannot bear this reduction of income, an annual grant will be made to that Fund from the General Revenues to cover the actual loss of fees.

5. The effect of the above measures and of those already taken is to make Vernacular Education free in Primary Classes in towns and in the Primary and Middle School Classes in rural tracts.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Examination), dated 20th July 1908.

No. 584-624—Exam. 21-07-1, dated Bangalore, 20th July 1908.

Order.—The Government of His Highness the Maharaja of Mysore are pleased to direct that a Test in Precis Writing be added to the Local Service and Pleaders' Examinations and to sanction the following rules in connection therewith:—

I. Candidates shall be required to write in narrative form, a Precis of a set of official papers relating to the same subject.

II. Besides showing that they understand the subject-matter dealt with in the papers, candidates shall be expected to write legibly, spell correctly and express themselves grammatically and intelligibly. No candidate shall be allowed to pass who shows himself deficient in these respects.

III. A fee of Rs. 5 will be levied as admission fee for this examination.

IV. Three hours time will be allowed for answering the paper set, and the maximum number of marks will be 100.

V. The minimum required for passing the examination will be that laid down in Rule 5 of the Rules for the Mysore Local Service and Pleaders' Examinations.

VI. No person who has not passed the Precis Writing Test will be eligible for any ministerial office carrying a salary of Rs. 50 or upwards. But this will not apply to ministerial appointments in Technical Departments like the Public Works, Geological, Survey, Meteorological and Agricultural Departments.

VII. The passing of the Precis Test shall not be required in the case of those holding permanent appointments or appointments on probation before the date of this order and shall in no wise affect their promotion.

VIII. Only persons who hold permanent appointments in any department of the State carrying a pay of Rs. 25 and upwards and those who have passed the F. A. or higher examination of any University will be allowed to appear for this examination.

2. The Rules regarding the Mysore Local Service and Pleaders' Examinations will be amended as above.

Proceedings of the Government of His Highness the Maharaja of Mysore, General (Reports), dated 1st July 1908.

READ—

The marginally noted representation which arose out of the discussion on Representative Assembly Subject No. 119 of 1907 regarding the question of providing accommodation to the Members of the Representative Assembly in Mysore, and the reply of Government thereto that every convenience would be afforded to the Members in that direction and that the question of erecting a separate building has been noted.

(b) Mr. Srinivasa Rao and others represented that better accommodation should be provided at Mysore to Members of the Assembly.

(c) Mr. Krishnamurti represented that a separate building may be erected for the accommodation of Members.

No. G. 1-40—G. R. 13-07-2, DATED BANGALORE, 1ST JULY 1908.

ORDER THEREON.—On the question of providing accommodation to Members of the Representative Assembly at Mysore, Government observe that without undertaking to find such accommodation for every one, they have nevertheless been desirous of meeting the convenience of Members by providing accommodation as far as possible to such Members as could not provide the same for themselves without difficulty. The question of erecting a block of buildings for the purpose is engaging the attention of Government and will be taken up when funds permit. For the present, however, every endeavour will be made to find accommodation for as many such Members as possible by renting houses where necessary at Government expense.

The charges incurred for this purpose will be met from the lump sum grant for Dasara and Birthday entertainment expenses.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. and Rev. Depts.

To—The Chief Engineer in Mysore.
The Deputy Commissioners of Districts for communication to the Members in each District.
The Comptroller, Mysore Government.
The other Heads of Departments.

SECTION 2—SEPARATE REVENUE

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR JULY 1908.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	Fl 2-4—S R 232-07-2 ...	1	Ex. Comr., Comptr. & Chief Engineer	Directing under the circumstances represented by the Excise Commissioner that the buildings in charge of the Excise Department will cease to be maintained by that Department, and that no funds need be placed for the purpose of their maintenance at its disposal by the Public Works Department.
2	Fl 6—S R 235-07-8 ...	1	N. Narasimmiengar, late Excise Sub-Inspector, Kallurkatte Range, Shimoga	Informing him that Government see no reason to interfere in the matter of his restoration to his former appointment, with the observation that with good services and behaviour on his part, there is little doubt that the Excise Commissioner will see fit to restore him.
3	Fl 7—S R 235-07-8 ...	1	Ex. Commissioner ...	Communicating the above with the observation that the impression produced by a perusal of the Excise Inspector Vyasa Rao's report in this case is that the petitioner has been too harshly treated for a venial fault for which it does not seem that his explanation was called for and that in any case an arrangement under which an official is to work in one place, his baraward being in another place, is irregular.
4	Fl 13—S R 49-07-9 ...	1	Do ...	Calling for further report on certain points in connection with his proposals to curtail the number of foreign liquor shop licenses, and increase the fixed license fees in cases where the shops are not sold by public auction as authorised by the rules and to issue separate licenses on a fixed fee of Rs. 60 per mensem for the sale of double distilled liquors.
5	Fl 68—S R 203-07-6 ...	4	Do ...	Asking him to await the resale of the village of Kayamgutta Gollahalli, Bangalore Taluk, for revenue arrears, and then apply to Government for its being handed over to the Excise Department for ganja cultivation, if it is bought in by Government at the resale.
6	Fl 69-70—S R 256-07-2...	4	Ex. Comr. & Comptr.	Sanctioning the retirement of Ekambara Mudaliar, Excise Sub-Inspector at Masti, Malur Taluk, who has been certified by the District Medical and Sanitary Officer of Kolar to be completely and permanently incapacitated for further service.
7	Fl 87—S R 38-05 ...	4	Lakshminarayana Sastri, Inamdar of Bidagol & Magodlu villages, Heggaddevankote Taluk	Informing him that on a careful perusal of all the records of his case, Government are satisfied that there has been no toddy shop in his inam village for a very long time past, and that they are unable to permit him now to re-open one.
8	Fl 88—S R 38-05 ...	4	Ex. Commissioner ...	Communicating the above.
9	Fl 92-3—S R 254-07-2...	6	Comptr. & Ex. Comr. ...	Sanctioning a bill for Rs. 13-2-0, being the counsel fees and costs incurred in Execution Case No. 1242 of 1907-08, on the file of the Principal Munsiff, Bangalore, to recover an institution fee due from one Adilakshmamma and three others.

4	Fl 278-9—S R 263-07-2...	17	Ex. Comr. & Comptr.	Sanctioning under the circumstances explained the writing off the accounts the irrecoverable arrears of Rs. 10 due from one Venkatappa, licensee of Belavadi and Harur bagani toddy shops in the Koppa taluk for 1901-02, with the observation that as the licensee was a foreigner and a man of no means, additional security should have been taken under the sale notification as observed by the Excise Commissioner, who, it is requested, should point out the omission to the officer concerned.
5	Fl 320-1—S R 3-08-2 ...	21	Do ...	Sanctioning the purchase of a copy of " Ephemeris " at a cost of Rs. 6 for the use of the Excise Commissioner's Office.
6	Fl 339-40—S R 253-07-2...	22	Do ...	Informing the Excise Commissioner that Government regret that they cannot comply with the request of the Excise Commissioner to subscribe for the newspaper "Kolar Gold Field News " without establishing an inconvenient precedent and observing that the payment of subscription for one year from 1st April 1908 out of office contingencies without proper authority was irregular.
7	Fl 414-5—S R 222-07-2...	24	Do ...	Directing for reasons stated that the whole amount of duty and price of weak liquor ordered by the District Magistrate to be recovered from Bhatti Rudrappa, Mutsaddi, Sorab bonded depot, who was removed from his post for certain irregularities and was prosecuted and fined Rs. 20 in respect of weak liquor, should be refunded to him, and that the amount of Rs. 14 and odd, being the value of the quantity of liquor unaccounted for contained in the adulterated liquor found in the depot, should be recovered from the carrying contractors.
